

DX List of Sub-Processors

Updated: 18/05/2026

This list will be updated and published from time to time, with all versions published on the DX website [https://www.dxlogistics.com /legal/dx-service-terms-and-conditions/](https://www.dxlogistics.com/legal/dx-service-terms-and-conditions/)

For the purpose of this list a reference to the singular includes a reference to the plural and vice versa and the following definitions apply:

“**DX**” means DX Network Services Limited (05026914) whose registered office is at Ditton Park, Riding Court Road, Datchet, SL3 9GL:

“**Master Sub-contractor**” means any organisation which provides drivers and/or vehicles to DX to provide collection and delivery services on behalf of DX and by its nature and as a consequence, is a Data Processor in relation to collection and delivery Personal Data provided by the Data Controller, in order to provide collection and delivery services on behalf of DX;

“**Owner Driver**” means a self-employed driver with a vehicle who provides collection and delivery services on behalf of DX and by its nature and as a consequence, is a Data Processor in relation to collection and delivery Personal Data provided by the Data Controller, in order to provide collection and delivery services on behalf of DX Network Services.

“**Sub-processor**” means a natural or legal person, organisation, agency or other body which provides services to DX and processes Personal Data on behalf of DX the Data Processor, where the entity is neither a Master Sub-contractor or Owner Driver.

DX contracts with various organisations to provide services to DX, some of these organisations are Sub-processors in relation to the provision of services to our customers, the table below provides details of these Sub-processors which may process your data as part of our service provision to your organisation. For more information about the Sub-processes DX uses as part of your service delivery please contact your account manager.

Owner Drivers and Master Sub-contractors are excluded from this list see DX GDPR Addendum, clause 1.3 “Data Processing Obligations”, for more details.
